

Annual Report 2018-2019

Ayolas site:
Ayolas, Paraguay

Our site runs the sponsorship program from a Centre for Children and Adolescents. The site offers after-school support workshops for adolescents on substance abuse and skills training for mothers. Our nutrition program provides nutritious food, with the help and advice of a professional nutritionist.

Education

Goals

1. To increase the number of students having successfully passed the transition from high school to university.
2. To decrease the dropout rate and the poor academic performance of our sponsored children.

Achievements

1. This year 40 children will enter secondary school and 28 will finish secondary school. We support 16 people with disabilities, who are instilled with inclusion in educational institutions in order to socialize.
2. Our site has sponsored individuals who stand out in several disciplines such as: Mathematics Olympics, Sports Tournaments (Soccer, Handball, Volleyball), the "Sounds Of My Land" Symphony Orchestra and in the Municipal Ballet.

Health & hygiene

Goals

1. To increase the number of children receiving formal education and enjoying good health.
2. To ensure that all families are aware of the importance of taking preventive actions within the area of health.

Achievements

1. All of the sponsored families have the possibility of accessing special studies or consultations with specialists thanks to the money they receive.
2. With the help of Gift Catalogue, it was possible to help some families with the purchase of expensive medicines and with the donation of glasses.

Nutrition

Goals

1. To raise awareness among families about the importance of acquiring foods rich in protein and vitamins, in order to have a balanced and sustainable diet.
2. To motivate the mothers to apply good hygiene practices within food processing, in order to support families to have adequate kitchens.

Achievements

1. Mothers use a large percentage of the money received for the purchase of groceries every quarter, this with the objective of keeping the sponsored children well fed.
2. Sponsored children are found within the normal parameters of nutrition, we do not have malnourished children, nor children suffering from obesity.
3. Thanks to the Gift Catalogue, several families received a kit of groceries in order to reduce the crisis they were going through, as well as stoves, ovens and kitchen equipment. This allows the mothers to prepare their food in a more hygienic manner.

Community

Goals

1. To continue working with the other institutions of the community to achieve more coordinated work in benefit of the families.
2. For the families to apply relationship techniques and practice positive interaction.

Achievements

1. Several of the sponsored children successfully completed their confirmation at the San José Mi church with the accompaniment of Mons. Collar.
2. There was interinstitutional work conducted with public and private entities, such as CODENI (Municipal Councils for the Rights of Children and Adolescents, Schools and Colleges, Cooperatives and banks).
3. The work is coordinated with the Diocese, which is increasingly becoming involved in the activities of the site.

Family

Goals

1. To have socio-economic information related to the families through the monitoring and supervision carried out by field workers.
2. To increase the percentage of empowered families.

Achievements

1. Families increasingly understand issues about the responsible use of their resources.
2. Families are able to create a budget and be accountable in accordance thereto.
3. The families promote solidarity among the circle's members and share their knowledge.

Family funding

Goals

1. To strengthen the responsibility among the members of the family circle at the time of submitting the required documents.
2. To observe a more united community, treating their own deficiencies and solutions.

Achievements

1. All parents belong to a family circle and are actively engaged.
2. The families determine their own needs.
3. Families are more independent and increasingly able to manage their own finances, some of them even have small savings.
